	C. PT Harta Putramas Santosa (HTPS) - NEW
	New Project :
	1. PT Industrial Forest Plantation - Harvesting project - Project start estimated around Sept / Oct 2026 (Kalimantan Timur)
	2. PT SBA Wood Industries - Land Clearing - Project start estimated around Oct 2026 (Lebong Hitam)
	3. RAPP - Mayawana (for next year)
Role of Customer	Land Clearing & Harvesting Contractor
Other Contractor work in the same bowheer	Sarindo Group, Bandang Group
Project Owner	1. PT Industrial Forest Plantation (RAPP) 2. Oki Pulp & Paper
Bowheer Information	**1. PT Riau Andalan Pulp and Paper (RAPP)** is one of the world's largest producers of sustainable pulp and paper, operating in Pangkalan Kerinci, Pelalawan Regency, Riau Province. - Parent Company: The core business unit of APRIL Group (Asia Pacific Resources International Limited) under the RGE (Royal Golden Eagle) Group. - Operational Location: Pangkalan Kerinci, Riau, Sumatra, Indonesia. - Production Capacity: Capable of producing up to 2.8 million tons of pulp and 1.15 million tons of paper annually. - Flagship Product: The well-known paper brand PaperOne™, which is exported to over 70 countries worldwide. **Establishment**: RAPP was officially founded on May 15, 1989. The development of its Industrial Plantation Forest (HTI) concessions began in 1993 in Riau Province, running parallel to the construction of the integrated mill in Pangkalan Kerinci. **Commercial Production**: The company commenced commercial pulp production in 1995 and expanded into commercial paper manufacturing in 1998. **Major Expansion**: The completion of the Pulp Line 3 production line between 2006 and 2008 solidified the Riau Complex's position as one of the single largest integrated manufacturing sites globally. **Upstream to Downstream: Operations & Forestry of RAPP** RAPP operates a fully vertical, integrated supply chain spanning from seedling development to final product distribution. - **Fiber Plantation Management**: The company primarily cultivates Acacia and Eucalyptus (specifically Eucalyptus pellita). The company plants up to 200 million saplings annually to secure a sustainable wood supply. - **Structured Operations**: The operational life cycle is managed through sequential, highly structured departments: Nursery (seedling breeding), Planning (land and block mapping), Plantation (planting and maintenance), and Harvesting (logging and transport). - **Energy Self-Sufficiency**: The manufacturing complex in Pangkalan Kerinci features its own integrated power plants to supply electricity to all mills and the staff housing area (Riau Complex). Furthermore, the facility has installed an 11 MW solar panel array as part of its transition to clean energy.

2. OKI Pulp & Paper - Sinar Mas Forestry Group

Sinar Mas Forestry is the forestry and industrial plantation management division of the Sinar Mas Group, responsible for supplying sustainable wood fiber to Asia Pulp & Paper (APP) Group, one of the world's leading pulp and paper producers. The company manages extensive industrial plantation forests across Riau, Jambi, South Sumatra, West Kalimantan, East Kalimantan, and other forestry concession areas in Indonesia under Sustainable Forest Management (SFM) principles.

Sinar Mas Forestry operates a fully integrated business model covering the entire forestry value chain, from seedling production, plantation development, plantation maintenance, harvesting, transportation, and wood fiber supply to pulp mills, ultimately supporting paper manufacturing. This integrated operation ensures a stable and sustainable supply of raw materials for APP's manufacturing facilities while generating long-term demand for forestry contractors and heavy equipment services.

PT OKI Pulp & Paper Mills is one of Indonesia's largest integrated pulp and tissue manufacturers and a strategic subsidiary of Asia Pulp & Paper (APP) Group, under the Sinar Mas Group. Located in Air Sugihan, Ogan Komering Ilir Regency, South Sumatra, the mill is strategically positioned adjacent to industrial plantations and supported by dedicated logistics infrastructure, including Tanjung Tapa Seaport.

Since commencing commercial operations in 2017, PT OKI Pulp & Paper Mills has developed one of the world's most advanced integrated pulp and tissue manufacturing facilities. The company operates a fully integrated production process encompassing wood processing, pulp production, and tissue manufacturing, utilizing 100% certified fiber sourced from industrial plantation forests (HTI) within APP's sustainable fiber supply network.

The integration between Sinar Mas Forestry and PT OKI Pulp & Paper Mills establishes a reliable and sustainable upstream-to-downstream supply chain, ensuring consistent raw material availability and continuous mill operations. This business model also creates stable, long-term opportunities for forestry contractors providing harvesting, transportation, material handling, plantation maintenance, and heavy equipment rental services.

Project Status	on Going with RAPP since 2025 for logistic
Investment Plan	- nearest plan : 20 units LIUGONG Excavator for RAPP & 30 units LIUGONG Excavator for Sinarmas Project (combine 13 & 20 ton
	Total demand will be around 100 units until end of 2026.
Financing Scheme Requested	SD : 15%
	Tenor : 36-month lease
	Other info : 20-30 unit (1st batch) estimated will delivery on W3 September 2026

3. CUSTOMER & GROUP BACKGROUND

UBO (Ultimate Beneficiary Owner)	Mr. Oky Santosa (Father) Mr. Hansen Santosa (Owner) Mr. Leonard Santosa (Brother)

Company Background

PT Handalan Putramas Santosa (HPS) is family company belongs to Mr. Hansen Santosa & family, under holding named PT Santosa Abadi Raja (STAR).

STAR Group – Key Milestones

2022 | PT PASS Established – FMCG Distribution Business
- PT Pangan Sejahtera Santosa (PT PASS) was established by Mr. Hansen Santosa, son of Mr. Oky Santosa, marking the beginning of the STAR Group's business operations.
- PT PASS focuses on urban FMCG distribution, operating warehouses and providing next-day delivery services while generating revenue from distribution margins.
- In 2022, PT PASS supported the distribution activities of several major FMCG companies, including PT Sinar Sosro, PT FKS Pang an Nusantara, PT Perfetti Van Melle, and PT Mondelez Indonesia Trading.

Q1 2024 | PT STAR Established as Holding Company

- PT Sentosa Abadi Raja (STAR) was established by Mr. Hansen Santosa as a holding company to consolidate and manage the busines ses of Mr. Hansen.

Business Development Background
- While seeking a partner to develop wingbox trucking services to support his FMCG distribution business, Mr. Hansen Santosa me t Mr. Herry Tho.
- Mr. Herry Tho is based from Pekanbaru and has a background in logistics and hauling, with business connections within the for estry sector, including contacts at RAPP and APP/Sinar Mas. Through this relationship, he introduced Mr. Hansen to investment opportunities in forestry logistics and wood hauling.
- Mr. Herry previously worked at DNR Logistics (Dos Ni Roha). According to the information provided, the business he was involv ed in reportedly failed. His experience during that period appears to have been primarily in logistics and hauling, with no established harvesting track record.

November 2024 | PT HPS Established – Entry into Forestry Logistics and Hauling
- PT HPS was established as the vehicle for STAR Group's entry into forestry, following Mr. Herry Tho's former experience. The initial business focus was forestry logistics and wood hauling.
- PT HPS secured a five-year contract with RAPP, with operations commencing in December 2024.

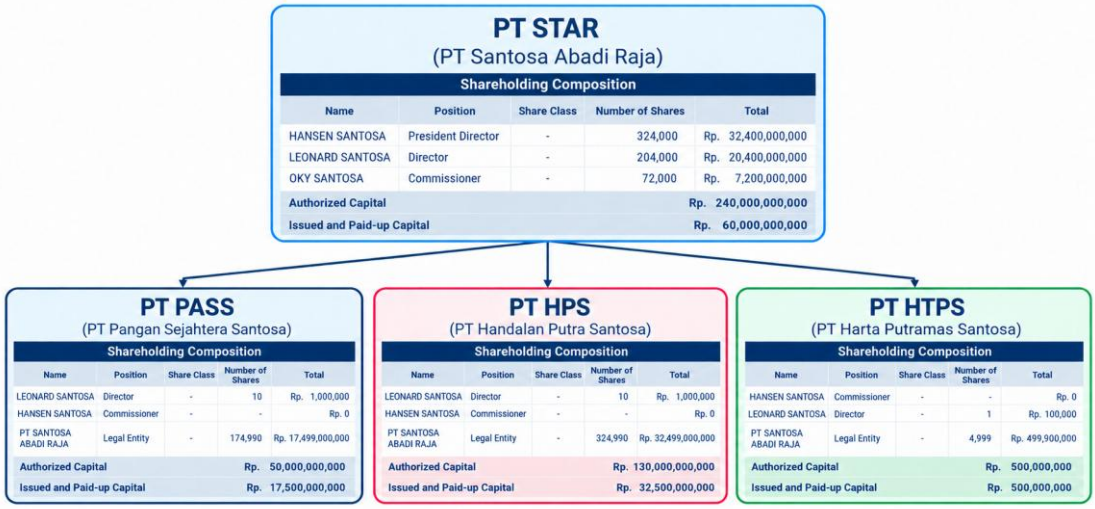

Late 2025 | Expansion into Land Clearing and Harvesting
- After approximately one year of forestry operations, Mr. Herry Tho proposed further expansion into land clearing and harvesti ng.

In November 2025, PT HPS commenced land clearing, maintenance, and logging projects with three APP Group/Sinar Mas companies:
- PT Bumi Andalas Permai
- PT Bumi Mekar Hijau
- PT Sebangun Bumi Andalas Wood Industries

End-2025 | PT HTPS Established – Harvesting Business
- PT HTPS was established by Mr. Hansen Santosa to focus specifically on harvesting projects.
- The establishment of a separate entity was intended to differentiate and streamline the diversification of each business/proj ect within the STAR Group and to focusing on land clearing & harvesting contractor.

Other information :
Mr. Herry Tho is expected to lead the harvesting project. The planned operational team will include personnel formerly employed by RAPP, Sarindo, and CIS who have

UBO Information

Utilization vs Project Duration	Reasonable — 3 years contract duration

Current Unit Composition

Kategori	Aset	Merk	Qty
Truk	ISUZU GIGA FVM U	ISUZU	45
Truk	FAW	FAW	41
Truk	Shacman	Shacman	25
Truk	ISUZU CDE L	ISUZU	10
Vehicle Commercial	Dmax	ISUZU	3
Vehicle Commercial	Toyota Calya - G AT 1.2 Lux	Toyota	1
Vehicle Commercial	Toyota Innova All New	Toyota	1
		TOTAL	**126**

Prior LiuGong Experience	Never invest Liugong prior this proposal
Have Service Agreement / FMC	Standard warranty from LMI

5. UNIT DELIVERY STATUS & QA CHECK

Delivery Status	Not yet Deliver
Delivery Date	demand units Sept 2026, will be delivery estimate on W3 & after receive PO from Finco
QA Comment — iLink/GPS Performance Check	Not Yet Delivery
QA Conclusion	-

6. CROSS-CHECK WITH DEALER / LMI (quick)

Dealer Check	No Records Payment - New Liugong Customer
TOP from Dealer to Customer	20% DP, 80% cover by Leasing
TOP from LMI to Dealer	-
LMI Internal AR Check	No Records Payment - New Liugong Customer
SLIK/Bureau Highlight	No Records Payment - New Established Company

7. EXPERT JUDGEMENT CONCLUSION

Aspect	Assessment	Brief Note
Good Project?	Yes	Harvesting Contractor, PT RAPP - APRIL Group
Good Customer?	No	

- PT HPS is existing customer of SANF, ACC, etc. Payment current, but for PT HPS there are no close contract because PT HPS also new established company in 2024. All leasing contracts still open.
- Its group : PT Harta Putramas Santosa (HTPS) is newly establish company, no record at all from Finco / Bank,
- New business diversification, PT HTPS doesnt have any experience in Harvesting.

RECOMMENDATION

NOT RECOMMEND TO FULL DOCUMENTATION

Suggestion

- Based on documents (Legal & financial data), PT HPS is newly established company since 2024.
- It's Group (PT Harta Putramas Santosa / PT HTPS) also newly established company since 2025.

Not recommend to process in this stage

- If still want to process with FPG, can be consider with the limitations :

- Corporate Guarantee from PT PASS
- Personal Guarantee from Hansen Santosa
- Project limited only for Sinarmas
- Not support for harvesting project
- Payment method : escrow **+** cover PDC for full tenor
- HTPS must have factoring facility for Nano Bank, as a source of payment to LFI
- If Nano Bank can not support, then need cover by 3 x Cash Collateral
- Other condition base on LFI Credit Committee

Competition Information
